ELECTRICAL AND PHOTOVOLTAIC INSTALLATIONS WITH A SOCIAL IMPACT

**HISPALED** is a Spanish company providing solutions for the energy transition. We are a social enterprise and a work integration company. We recruit, train and support young people at risk of social exclusion so that they can secure decent, stable employment. We want to help these young people, who have a passion for careers in electrical and electronic trades, to build a fulfilling life that is in line with their dreams.

## HISPALED: A DIFFERENT VISION, A SOCIAL VISION

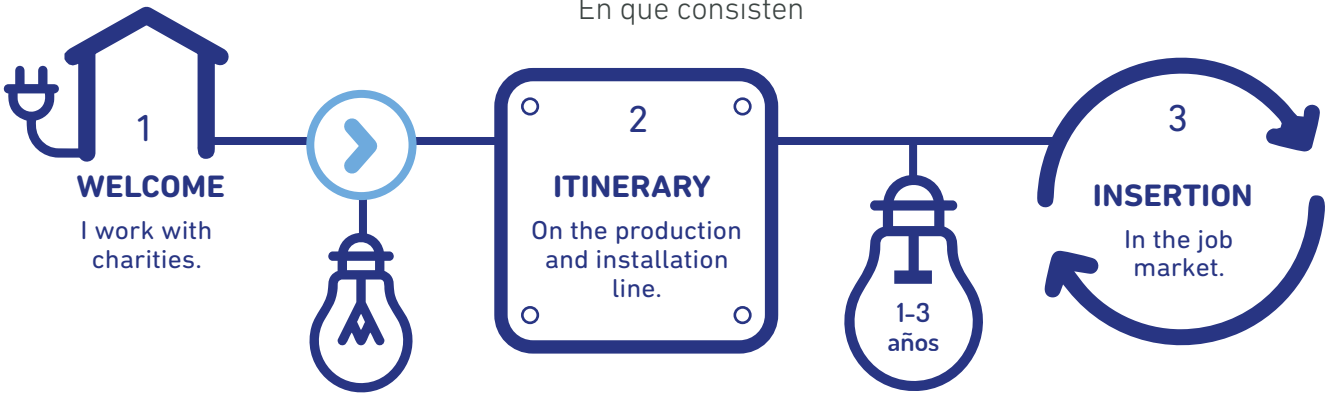

Can you imagine that improving the energy efficiency of your home or business, or installing solar panels at your school or community organisation, would not only help you save money and reduce your carbon footprint, but also contribute to building a more inclusive society and creating opportunities for those who have faced greater challenges? At HispaledEnergy, we make it happen.

## ADDED VALUE

### ✓ COST SAVINGS

We offer highly competitive prices, with solutions that deliver significant cost savings thanks to their energy efficiency.

### ✓ GREATER ENERGY EFFICIENCY

Committed to the environment, we hold the ISO 9001 Quality Management and ISO 14001 Environmental Management certifications required by the market.

### ✓ TRAINING AND AWARENESS-RAISING FOR STUDENTS OR STAFF

We are installers and trainers: whilst carrying out the installation, we can provide technical training and raise awareness of energy efficiency, sustainability and/or the social economy amongst students, employees, families and anyone else connected to our clients.

### ✓ SOCIAL IMPACT

As part of our working model as a social enterprise, we rigorously measure and quantify how the lives of many young people are transformed through Hispaled's projects.

The Pontifical University of Comillas supports us in measuring this impact.

### ✓ OPPORTUNITY FOR RESPONSIBLE PUBLIC AND PRIVATE PROCUREMENT

As a social enterprise, we offer an opportunity for:

- Developing CSR policies through responsible procurement.
- Creating projects that offer added value and a distinctive social impact, without compromising competitiveness.
- Recruiting young people with the necessary training and employability skills for the sector.
- New partnerships for the Sustainable Development Goals agenda.
- Fulfil commitments regarding contracts reserved for social integration enterprises, in accordance with the Public Sector Contracts Act.
- Promote entrepreneurship and social innovation.

## QUALITY ASSURANCE AND COMMITMENT TO SOCIETY

With the assurance of being part of a leading company such as **HISPALED**, a benchmark and leader in lighting and IoT solutions for street lighting, with over **350,000** lighting points worldwide.
